Compliance with 37 CFR § 1.821-1.825

On June 23, 2005, the Patent Office mailed a Formalities Letter and Notification to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures. In accordance with the requirements of 37 CFR Sections 1.821-1.825, Applicants are providing herewith the Sequence listing (a paper copy and diskette), along with a Certificate Re: Sequence Listing. The sequence disclosures in the Sequence Listing are fully supported by the specification as filed, and as such, do not introduce new matter.

In the above amendment, Applicants have requested entry of the Sequence Listing into the specification. Applicants have also amended the Brief Description of the Drawings so as to reflect that SEQ ID No.: 20 in the Sequence Listing is provided in Figure 12C.

Respectfully submitted,
